MARKETPLACE**

CIMP Chaplaincy School Attendance Policy

90/10 Camera Participation Rule

Student cameras must be enabled for 90% of the meeting. There is an allotment for the camera to be off for 10% of the meeting for any short restroom, dinner and other breaks. Any student who does not maintain this policy will receive a warning private message on Zoom to alert them of their action. If the camera issue persists, the attendance mark will need to be revoked.

However, we exist to equip and serve our students. So please let us know of any extenuating circumstances that can prevent attendance.

Attendance Alternatives

Students can request 1 class recording link if they are absent.

With awareness between our office and the student of the upcoming absence, two classes can be switched to the Tuesday/Thursday session to make up for a Monday/Wednesday class missed. Both evening classes can switch to the Saturday class prior to the week of their scheduled classes.

With awareness between our office and the student of the upcoming absence, the student may switch to the weekly section to make up for 1 missed session. The student will have to attend the daily classes following the class they missed to do so and then return to class the following Saturday to stay current with the course structure.

If a special circumstance arises that is not listed in the attendance policy, please contact our office as soon as possible.

Daily Classes – Monday/Wednesday | Tuesday/Thursday

Students are allowed a total of three (3) absences out of the 20 class periods.
